

VR008 Financial Support Procedure

1. Version Control

Version	Date	Author	Content
2.0	19/07/2019	Martin Pearn	For Use

2. Requirements

It has been identified that the club doesn't have a policy to cover financial support & funding of it's members, with the growth of the club and the continued development of the local groups and events within these groups, it has become apparent that financial support may be requested in certain situations and submitted to the club for review.

A pro forma for this request has been drafted (VR009) for review.

3. Approved Support Guidelines

Below is a list of areas where support will be considered, this is not exhaustive and all requests will be considered under their own merit by the committee.

Racing Events

High profile events where the promotion of the club member is beneficial to the club or is a high profile event where the club will achieve good publicity.

National & International Participation

Support for those members who run for their counties or even their country will be considered for support.

Training & Development

First Aid Training

Support may be granted for local groups who have an active running calendar and who organise training runs and local races/events.

Run Leader Training

Support may be granted for local group representatives to undertake the England Athletics "Run Leader" course to ensure the basic level of training is achieved for leading local runs & training sessions.

Club Equipment

Support may be granted for club equipment such as flags, brochures, screens for festivals etc.

4. Application Template

Refer to VR009 Financial Request Form.

5. Application Review

Vegan Runners UK has appointed a committee who will review all financial support requests. The Committee will consider each application on its merits for both the club and the club member applying.

The Club Secretary will review the request in the first instance and provide supporting comments after discussing the request with the member. The club secretary will then pass the request form to the committee for review and comments.

The Committee will consider the proposal based on the clubs financial position and current allocated budget and the nature of the request, a majority vote will decide on each application.
